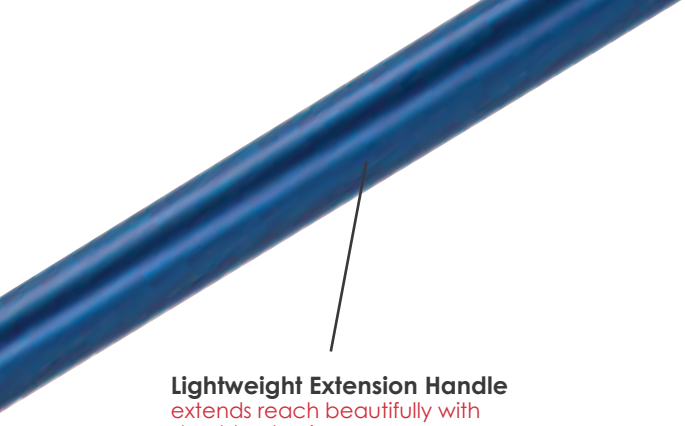
DRAMM®
Professional's Choice
2024 Retail Catalog

For over 75 years the Dramm family has participated in the horticultural industry as greenhouse growers, florists, and manufacturers. In 1941, John G. Dramm designed and engineered the cornerstone of Dramm Corporation; the 400 Water Breaker® Nozzle. After sharing his invention with fellow growers, & receiving many requests, he began manufacturing this unique hose nozzle in his basement. This original design has often been imitated– but never equaled by competitors. Today, the Dramm Corporation is manufacturing the Water Breaker® Nozzle along with many additional horticultural tools, and an innovative line of fish-based fertilizers. The same craftsmanship and attention to quality is incorporated into each Dramm product today as it has since 1941.

Thank you for your continued support of Dramm. We take pride in supplying you with the highest quality product on the market. When you buy Dramm, we guarantee you will receive a product that provides a lifetime of service.



Lightweight Extension Handle
extends reach beautifully with durable aluminum

Machined, brass body & large handle
unmatched durability & full flow with ease of use

ColorMark™ Rain Wands™

- Durable Brass Shut-Off
- Original 400PL Water Breaker® Nozzle
- 30” Length
- Comfortable Foam Rubber Grip
- Carded, Uncarded, Displays

display on pg. 35

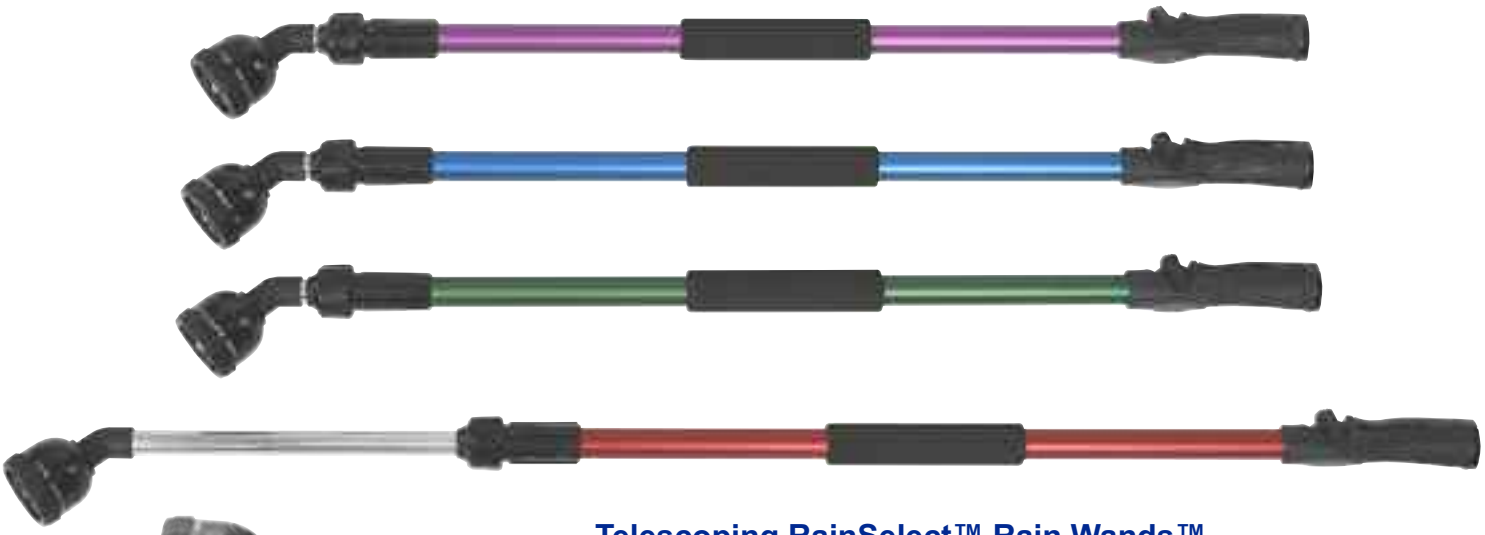
Rubber Overmold
protects natural wear-point

Original 400PL Water Breaker® Nozzle
waters quickly, thoroughly & gently

One Touch™ Rain Wands™

- One Touch Thumb Controlled Valve
- 16” or 30” Lengths
- Professional Grade Materials
- Carded, Uncarded, Displays

displays on *pg. 36, 39, 40, 42, 43,47*



Telescoping RainSelect™ Rain Wands™

- Adjustable Length Extends from 34” to 55”
- One Touch Thumb Controlled Valve
- 9-Pattern Adjustable Spray Head
- Professional Grade Materials
- Carded

RainSelect™ Rain Wands™

- One Touch Thumb Controlled Valve
- 9-Pattern Adjustable Spray Head
- 16” or 30” Lengths
- Professional Grade Materials
- Carded, Uncarded, Displays

displays on pg. 36, 41, 42, 47

9 Spray Patterns
multiple watering functions

Thumb Controlled Shut-Off
delivers precise watering control

Original Dramm Rain Wands™

- Originally designed for Professional Greenhouse Growers
- Full water flow for quick, thorough watering
- Gentle shower won't damage plants or wash away soil

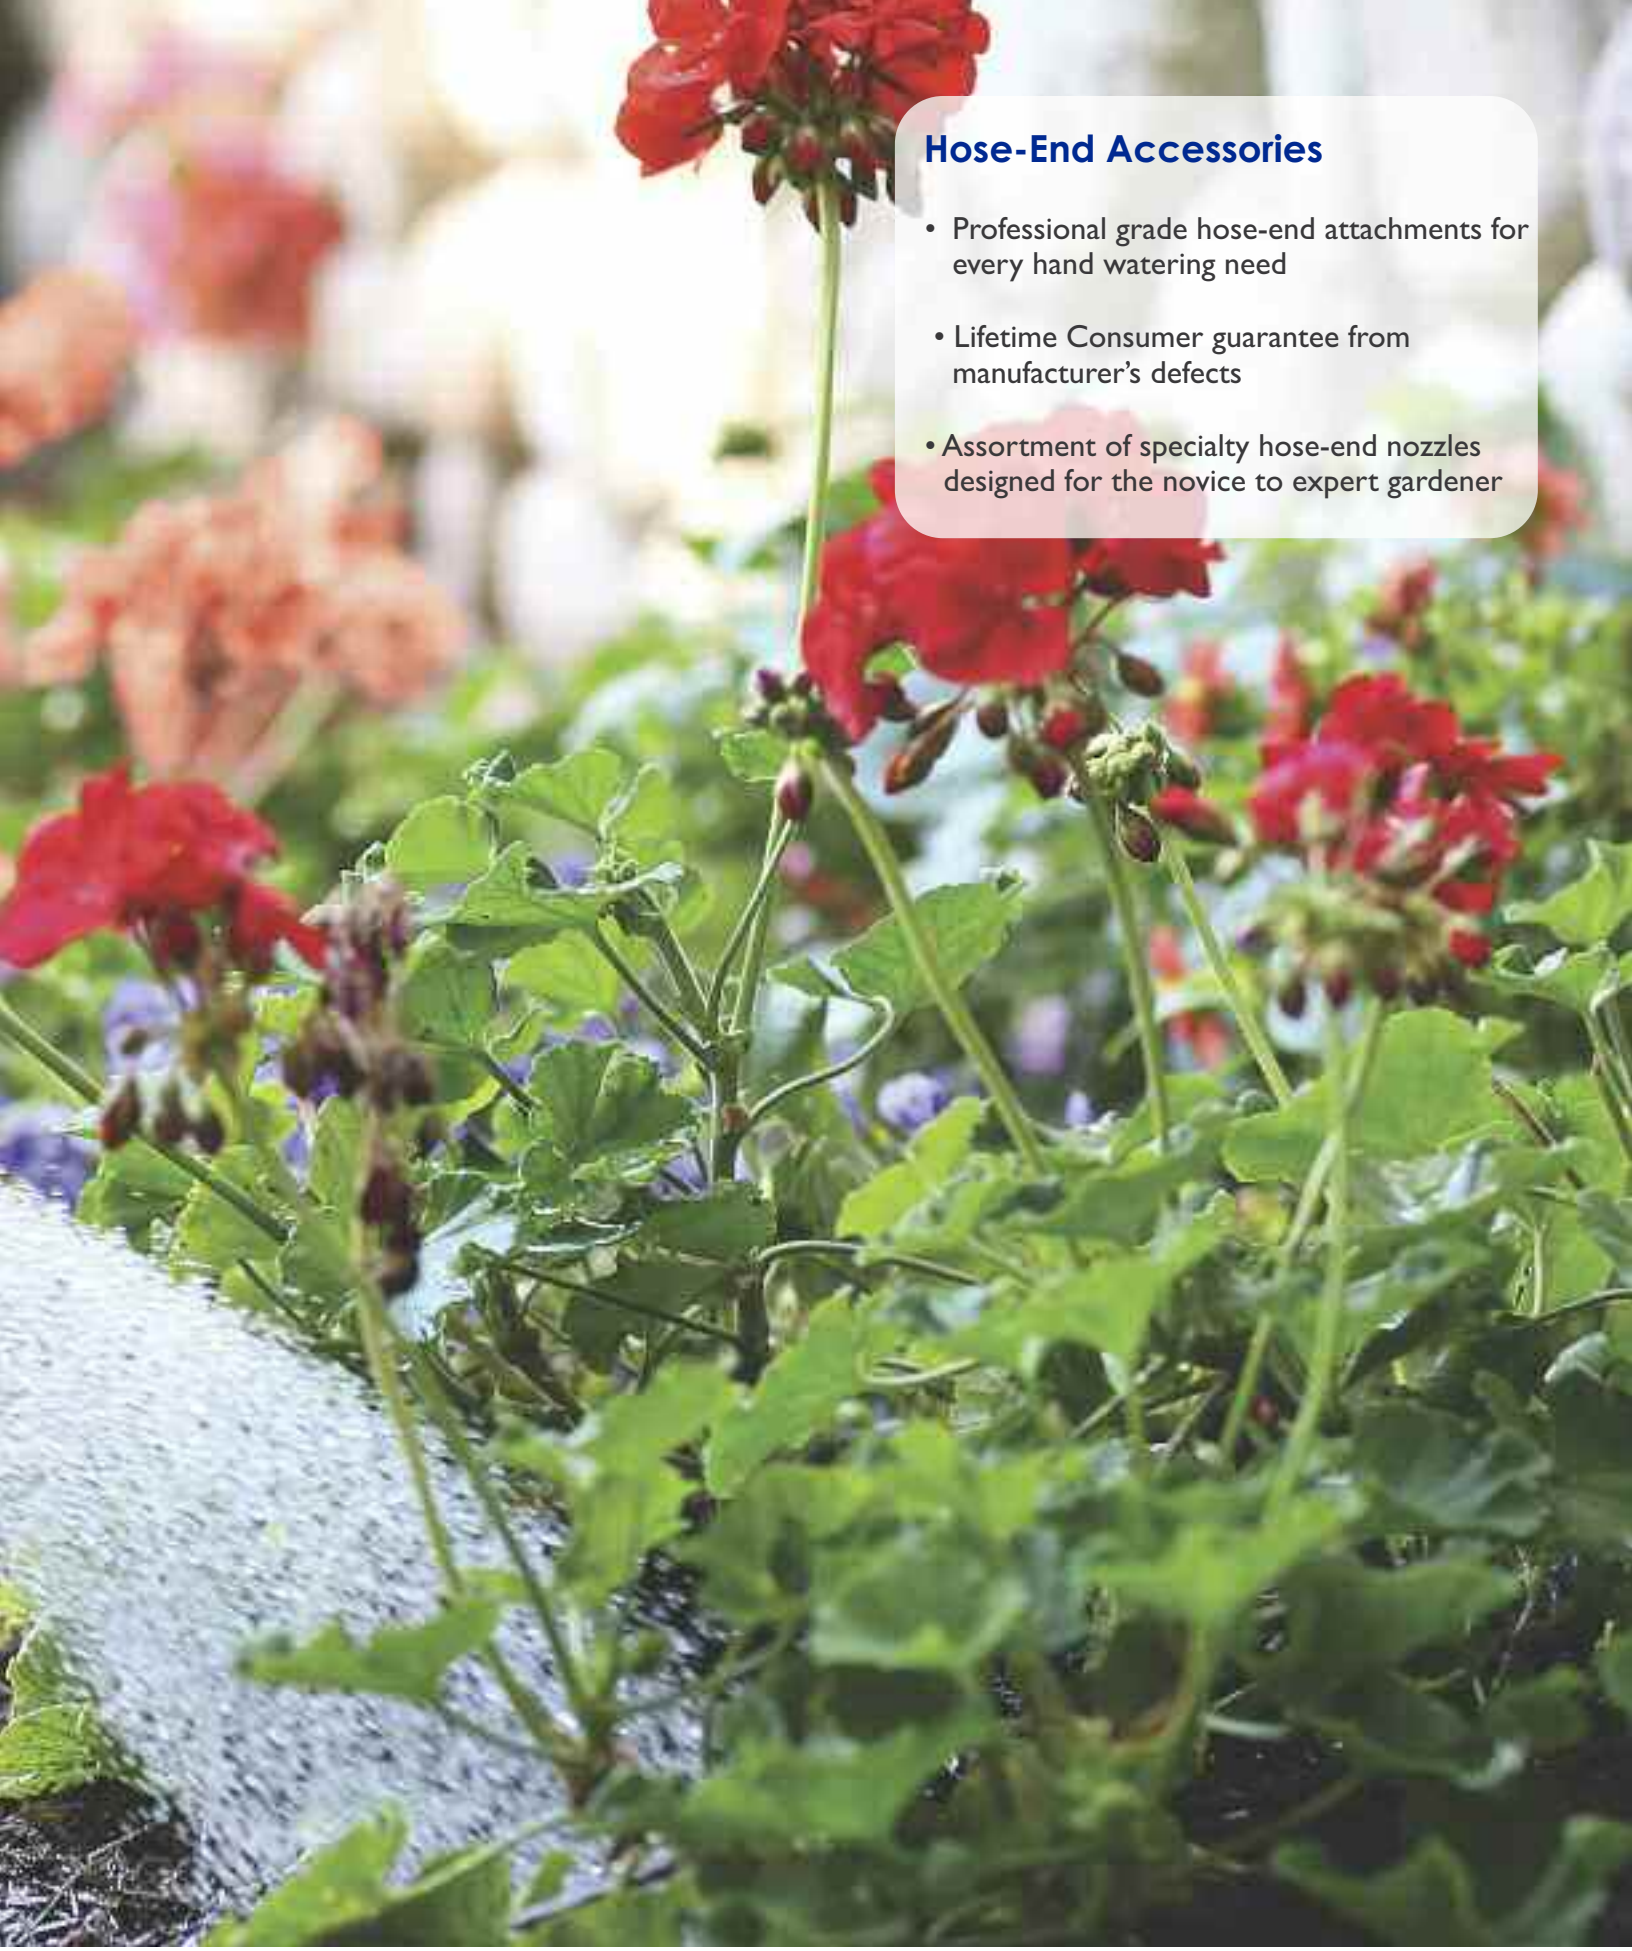
HOSE END ACCESSORIES



Hose-End Accessories

- Professional grade hose-end attachments for every hand watering need
- Lifetime Consumer guarantee from manufacturer's defects
- Assortment of specialty hose-end nozzles designed for the novice to expert gardener

82342 400AL WATER BREAKER® NOZZLE

Original professional nozzle. Crafted of cast aluminum and brass. Gentle, full flow at 11.1 gpm*

12343 170AL WATER BREAKER® NOZZLE

Crafted of cast aluminum and brass. Narrow pattern for containers/baskets or low pressure systems. Flow at 7gpm*

12346 400PL WATER BREAKER® NOZZLE

Professional's lightweight alternative to the 400AL. ABS plastic & aluminum. Gentle, full flow at 11.1 gpm*

11000 1000PL NOZZLE- medium

Softest full flow available. Water plugs or seedlings. ABS plastic & stainless steel with over 1000 micro-holes. Medium pattern with flow at 8 gpm*

22731 750PL NOZZLE

Soft full flow watering- great when other nozzles have too much flow. ABS plastic & stainless steel with 750 holes create a soft shower at 8 gpm*

12349 170PL WATER BREAKER® NOZZLE

Professional's lightweight alternative to 170AL. ABS plastic & aluminum. Narrow pattern for containers/baskets, or low pressure. Flow at 7 gpm*

12350 BRASS SEEDLING™ NOZZLE

Water fragile plants, seedlings, or cuttings. Produces an extra fine, hollow "cone mist pattern" at 1/2 gpm*

12344 FOGG-IT® NOZZLE - fine

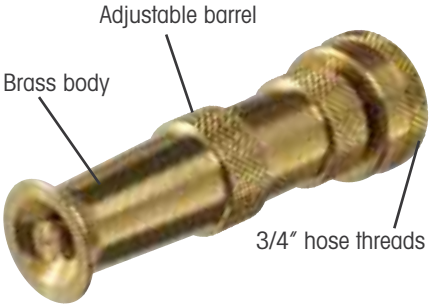
Mist delicate seedlings, raise humidity around wilting plants. Three mist jets create a conical pattern at 1 gpm*

13200 RAINSELECT™ NOZZLE

9-Pattern spray head for multiple watering functions. For use on any extension handle.

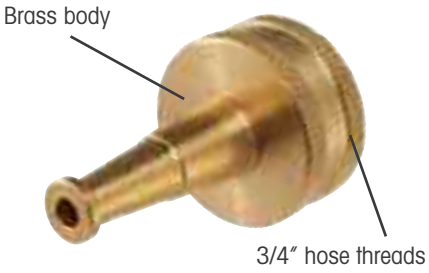
** water output measured at 40psi*

12380 ADJUSTABLE NOZZLE



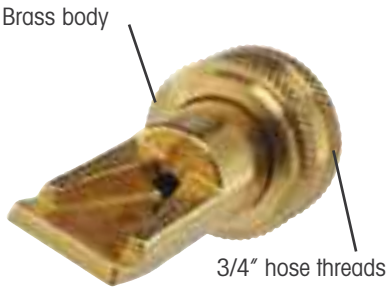
Solid brass adjustable nozzle. Traditional styling with twist barrel to adjust water from fan to cone to powerful stream. Great cleanup nozzle.

22310 JET WASH NOZZLE



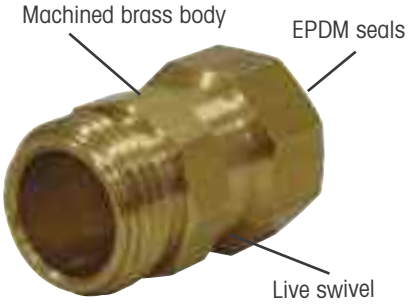
Solid brass nozzle creates powerful stream. Great cleanup nozzle.

22311 SWEEPER NOZZLE



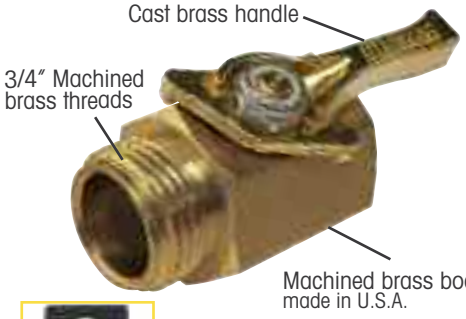
Solid brass nozzle creates powerful, broom-like pattern. Great cleanup nozzle.

13825 BRASS HOSE SWIVEL



Brass swivel works under pressure & allows hose-end accessories to turn independently of hose. Commercial duty for every watering need.

12353 BRASS SHUT-OFF



The Brass shut-off offers unmatched durability & full flow. Designed with replaceable internal components and a 1/2″ ball opening. assembled in USA of U.S. & foreign components

22373 ALUMINUM SHUT-OFF

The Aluminum shut-off offers unmatched durability in light-weight, fatigue–reducing aluminum. Same internal components as the 300 Brass. assembled in USA of U.S. & foreign components

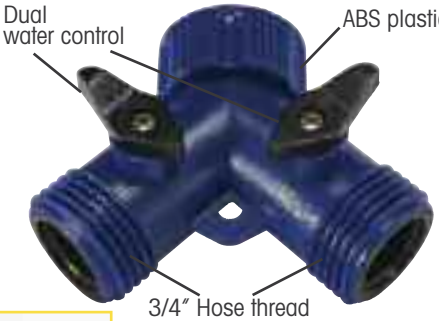
22318 PLASTIC SHUT-OFF

Lightweight valve made of durable ABS plastic for everyday use. Larger valve opening & higher flow than comparable valves.

22732 SHUT-OFF

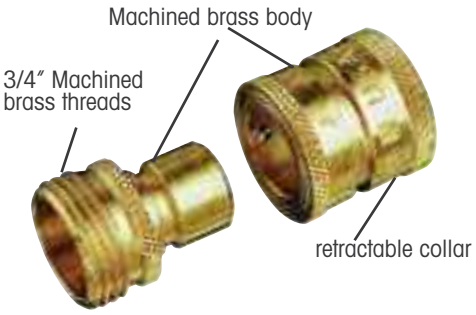
Ultra heavy duty, light-weight valve with 5/8″ ball opening for full water flow. Designed for all day use.

12351 TWIN SHUT-OFF



Water two places at one time. Durable, lightweight ABS body & handles with 3/4″ male and female hose thread.

22729 BRASS QUICK DISCONNECT



Heavy duty brass quick disconnect. No more turning! Pull collar back to quickly connect or disconnect accessories

22728 QUICK CHANGE SYSTEM

Eliminates the hassle of connecting disconnecting hose-end accessories. Set of 4; 1 hose, 3 tool adaptors stay in accessories for quick connections.

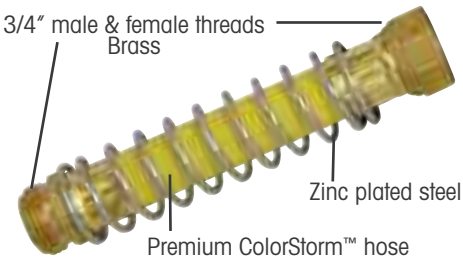
HOSE END MENDER SETS

Nickel plated brass w/metal clamps for 5/8″ ColorStorm™ hose. Available as Male, Female, or #22312 Male/Female combo set.

22314 HOSE SPLICE SET

Nickel plated brass w/metal clamps for 5/8″ ColorStorm™ hose. Leakproof & re-useable.

12625 HOSE PROTECTOR



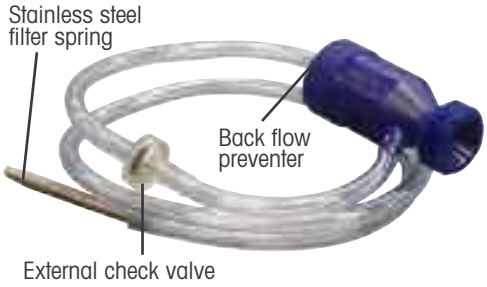
Quickly connects between faucet and hose to save hose ends from stress & strain. Prevents hose-end kinking & damage to couplings.

HANDI-REACH™ or HANGING BASKET HANDLE

Eliminate stretching & stooping associated with hand watering. Compatible with any Dramm nozzle. Multiple lengths available.

- 90° Bend Waters Hard-To-Reach Hanging Baskets Easily
- Compatible with 170 Water Breakers for Basket Watering

22626 SYPHONJECT™ SIPHON MIXER



Siphon dilutes mixtures at approx. ratio of 20 parts water: 1 part concentrated solution. Filled polypropylene body for lightweight durability. ***170PL Nozzle included.***

12340 REPLACEMENT WASHERS

Leak-free garden hose connections. EPDM rubber, for flexibility and durability. Pack of 12.
